The Sanctuary at Woodville and Equip hold steadfast to the Biblical unity and truths practiced as being collaborative members among the Body of Christ (Luke 5:7-10; John 17:20-23; John 13:35). Today, genuine collaboration can serve as an actionable, lived out way for the Body of believers to best reflect how Our Triune God has designed His church(es) and peoples to function. Here, Christian unity is identifiably experienced when we demonstrate the power of practical partnering.
